## CLAIM POPE LEO IS ILL

ALARMISTS AGAIN TO THE FRONT IN ROME WITH PESSIMISTIC PREDICTIONS.

## CANNOT GET RID OF COLD

Dr. Laponi Finds His Holiness Somewhat Improved, but Tells Him That Unless He Consents to Cure of His Cold He Runs the Risk of Something Serious—Condition of Pontiff Not Without Danger.

Rome, March 5.—The alarmists are again to the fore and declare that Pope Leo is really ill. They point to the official note in the Osservatore Romano, the vatican organ, stating that on the advice of his doctor, the pope has decided to take several days absolute rest. The truth is that the pope never succeeded in getting rid of the cold which caused a slight cough and hoarseness. Dr. Laponi, on visiting his holiness during the day, found that he was somewhat better, but frankly told him that he must either consent to cure his cold or he would

Run the Risk of Something Serious. The pontiff thereupon gave way and promised to suspend his audiences. To save annoyance, Dr. Laponi advised the pope to publicly announce this determination through the Osservatore Romano.

The condition of the pope, taking into consideration his advanced age, is not without danger and is causing considerable anxiety. So much so, it is asserted, that some cardinals who have come to Rome from a distance have postponed their departure.

## IOWA MAN APPOINTED.

Robert B. Armstrong Succeeds General Spaulding.

Washington, March 5.—Robert B. Armstrong, who has been private secretary to Secretary Shaw during the past year, during the day took the oath of office as assistant secretary of the treasury to succeed General O. L. Spaulding. The oath was administered in the presence of the chief officials of the department and a large number of Mr. Armstrong's personal friends.

Robert B. Armstrong was born August 19, 1873, near Des Moines, Ia., and was educated in the public schools. He completed his education at the Iowa state college at Ames, Ia., and entered newspaper work in 1892. Learning the printer's trade, he took up the editorial branch of journalism and worked on several Des Moines newspapers. He was also political writer for the Chicago Record, and later Western correspondent for the New York Herald.

## SUPPOSED SUICIDE.

Major Hurd Found Dead and a Woman Dying at Denver.

Denver, March 5.—Major Mark F. Hurd, aged seventy-two, was found dead in bed during the day in the house on Homer boulevard in this city where he lived with Mrs. Georgia Stanley, an aged woman. Mrs. Stanley was still alive, but unconscious. A dog and a cat were found dead in the room where the man and woman lay. The police believe that the couple, who were in destitute circumstances, determined to commit suicide together. They left no message.

## RAILROAD INJUNCTION

CHICAGO JURIST SURPRISED AT GRANTING OF WRIT TO THE WABASH.

## WILL BREED DISCONTENT

Believes Issuance of Such Injunction Will Also Bring Administration of Justice Into Contempt—Says Judges Are Approaching a Condition That Will Be Without Precedent in the History of the World.

St. Paul, March 5.—A special to the Globe from Chicago says: "We will reap the whirlwind some day from the seeds sown."

Such was the declaration of Judge Tuley in commenting upon the injunction issued by Judge Adams of the federal court at St. Louis, directed against the officers and rank and file of union men employed upon the Wabash railroad.

"I am surprised," said the judge, "at any injunction of any kind being issued. I regret it very much, because I believe that the issuing of such writs of injunctions brings the administration of justice into contempt. It breeds discontent and we will reap the whirlwind some day from the seeds so sown."

## Working Classes May Control.

"The day may come in the not distant future when the working classes will have political control and will appoint judges who will also issue writs of injunction in their favor. I see no reason why a writ of injunction should not as well issue against a railroad enjoining it from discharging any employee or from failing to pay employees a certain fixed rate of wages. It would be no greater departure from the true principles that ought to govern when issuing such writs."

"We judges are getting to be the whole thing in government. We are approaching a condition that will be without precedent in the history of the world, in which the governing power will be exercised by the judges, with the executive and legislators as mere figureheads in carrying on the government. It is time to call a halt."

If the Wabash company sustain its position in the litigation to come, the death knell of strikes on interstate railroads has been sounded, is the way Wall street looks upon the case.

## DID NOT LIVE LONG.

Man Who Warned Chinese Police of Projected Rebellion Killed.

Victoria, B. C., March 5.—Mail advices from Hong Kong tell of the death of the informant who warned the police of the projected movement against Canton. He was paid 1,000 taels for the information, but did not live long to enjoy them, for his body was found hacked to pieces, his ears being cut off and his body otherwise mutilated. The men arrested at Hong Kong for complicity in the plot were released after being held for a week, owing to lack of evidence against him. At Canton the prisoners fared worse, several being beheaded and six men subjected to prolonged torture.

## Imperial Troops Checked.

The Hong Kong Telegraph published a dispatch from Canton saying that 500 imperial troops recently dispatched from Canton by the transport Fuh Porto Teen Pak had met with a severe check near Chi Yuen, where they were ambushed by the rebels at the Yong Ning pass. The troops carried a considerable amount of ammunition and military supplies for the garrison at Chi Yuen, which fell into the hands of the rebels. After the encounter with the rebels and the subsequent flight of the imperial troops many of the soldiers deserted. It is also reported that the imperial government, on receipt of the news, summoned a hurried council and decided to send another contingent, 2,000 strong.

## CREATES A PANIC.

Duluth Man Practices Dentistry on Unwilling Patients.

Duluth, March 5.—John Simonson, a Finlander, created a reign of terror on Lake avenue in a most peculiar manner.

Armed with a pair of forceps he walked up to an old man in a saloon, asked him how his teeth were and was told they were all right. He then knocked the old man down and pulled two teeth before he was stopped.

He also visited the home of a Mrs. Ellason on the avenue and pulled one of her teeth before he was driven off. It was learned after his arrest that he had operated on eight or ten men in different saloons during the morning, but all were too drunk to realize what he was doing. He claimed after his arrest that he was a dentist, but when asked for his license pulled out a contract for cutting cordwood.

The strangest feature of the case is that the man seems to be perfectly sane. If he has any other mental weakness than this, it has not yet been discovered.

## Last Warship Returned.

Caracas, March 5.—The British cruiser Pallas arrived at La Guayra during the day, towing the gunboat Bolivar, the last Venezuelan warship in the possession of the allied powers. The Pallas saluted the fort, which replied.

## EXPIRATION OF CONGRESS.

Close of Session Marked by Demonstration in the House.

Washington, March 5.—The Fifty-seventh congress expired at noon Wednesday by limitation. There has not been in many years such a demonstration in the house as occurred Wednesday, owing to the fact that Speaker Henderson was retiring not only as presiding officer, but from the house as a member. The bitter partisan feeling that has sprung up in the house during the past week reached a pitch which prevented the speaker from receiving the unanimous approval of the house when the usual resolution of thanks and courtesy was offered. More than this, the resolution had to come from the Republican side, and while this has occurred before, it is not the custom.

The usual resolution of thanks to the president pro tempore for years was unanimously adopted in the senate. Senator Mason, whose term expired at noon, talked an unimportant bill to death, but in his valedictory he lectured the senate for its unlimited debate which allows bills to be killed in that manner, and he also made a final plea for the freedom of the Philippines.

As all of the important supply bills had passed before the two houses took a recess in the morning, no legislation was necessary and none was attempted. The bills which had passed and reached the stage of enrollment were all signed by President Roosevelt, who, with members of his cabinet, occupied the president's room in the senate wing of the capitol.

## CONGRESSIONAL STATISTICS.

Interesting Figures on Work of Session Just Closed.

Washington, March 5.—The number of bills introduced during the Fifty-seventh congress aggregated 17,560, of which 3,918 were reported and more than 2,000 passed. The house calendar is clearer at the close of this congress than it ever has been before, only 78 bills remaining undisposed of. In the Fifty-fifth congress 2,214 bills were reported and 1,473 passed; in the Fifty-sixth, 2,787 were reported and 2,204 passed. The nearest approach to the number of bills introduced in the Fifty-seventh was in the Fifty-sixth congress, when 14,339 were brought in and the greatest number reported was in the Forty-ninth congress, the aggregate being 4,181.

The number of private bills passed by this congress has been exceedingly large.

Fifteen members of the house died during the congress just closed, an unusually large number.

## PLANS OF EXTRA SESSION.

Cuban Reciprocity Treaty May Be Considered First.

Washington, March 5.—There is a probability that the Cuban reciprocity treaty will be taken up at the extra session of the senate in advance of the Panama canal treaty, but the order of business will not be determined for a day or two. When the senate goes into executive session the treaties will be referred to the committee on foreign relations, a proceeding which is made necessary by the expiration of the old congress and the opening of the new. It is generally believed that the called session will continue for two or three weeks.

## HIGH JOINT COMMISSION.

Will Reassemble Despite Killing of Expense Item by Congress.

Washington, March 5.—The action of congress in striking out in conference an item appropriating \$50,000 to defray the expense of the high joint commission, while regretted at the state department, will not be allowed to prevent the reassembling of the commission next summer. The president, it is held, is not obliged to look to congress for authority to appoint commissioners to conduct negotiations for which he himself must assume ultimate responsibility. The action of congress therefore does not effect the official status of the United States commissioners headed by Senator Fairbanks. It does make necessary the adoption of a more economical programme for the future work of the commission than was originally framed, but it is found possible to reassemble the commission and pay the expense out of the contingent fund of the state department. Senator Fairbanks, and Sir Wilfrid Laurier, the latter the head of the Canadian commission, are accordingly in correspondence with a view to arranging a date for the reassembling of the commission.

## Governor Schroeder Arrives Home.

San Francisco, March 5.—The United States transport Solace has arrived in port after a tempestuous passage from Manila. The Solace stopped at Guam and took aboard Governor Schroeder, who has been relieved of his duties by Commander Sewell.

## MRS. MAYBRICK'S RELEASE.

She Could Be Liberated Next Year According to Custom.

London, March 5.—With reference to reports concerning an impending release of Mrs. Florence Maybrick, it is stated here that according to customary usage in the case of prisoners of good behavior she could be liberated in April, 1904.

## Belgian Committee Appointed.

Brussels, March 5.—The Belgian committee for the St. Louis exposition, numbering sixty persons, was appointed during the day under a royal decree, by Minister of Industry Francotte. M. Simones, one of the vice presidents of the senate, is the chairman of the committee.

## ALL HOPE ABANDONED.

Seven Fishermen Believed to Have Drowned.

Menominee, Mich., March 5.—All hope for the recovery of the seven fishermen who were lost on a detached field of ice last Sunday has now practically been abandoned. The ice field has broken up and there has been plenty of time for all who reached the shore to communicate with their friends.

## TWO NEGROES KILLED.

Southern Pacific Passenger Train Derailed in Texas.

Austin, Tex., March 5.—The west-bound Southern Pacific passenger train was derailed at Alletown, one coach going over. Timp Woods and Clement S. Cooper, both negro passengers, were killed and seven others

were hurt, none seriously. Engineer Pickern and Fireman Roberts were hurt, but not fatally.

## DISTRESS IN JAPAN.

Failure of Rice Crop Causes Suffering to Thousands.

Yokohama, March 5.—The practically complete failure of the rice crop last year has caused widespread distress in Japan, culminating in famine in the northeastern provinces. From an official report it is learned that the destitution is much greater than supposed. The number of starving, so far as officially known, is 147,688, with the possibility of these figures being greatly added to. The foreign element is now beginning a movement to supply food to the starving thousands and subscription lists have been opened for the purpose of raising funds to relieve the distress.

## WHAT IS ECZEMA?

It is the ITCH-KING of the Blood!

We cure the disease in the Young and Old, or make no charge . . .

Do you want to be cured?

The prevalence of Eczema among the young and old is due to the introduction of poisonous matter in the blood. These pimples, sores and eruptions upon the face, neck and body are all due to the same cause. It is a waste of time and money to attempt to cure such a condition by doctoring the skin. The seat of trouble is in the blood. A specific course of MEDERINE will open the natural channels of the system and promote a drainage of the impurities of the blood, which will filter, cleanse and purify it so that no form of eruption upon the skin can appear. MEDERINE is the only guaranteed cure for Eczema and all blood impurities. It stands alone today upon its own merits, and challenges the world for a specific blood purifier like it. Every bottle of MEDERINE is sold on the positive and absolute guarantee that if taken as directed in the regular course of treatment it will cure you or every dollar expended for it will be promptly refunded. Write MEDERINE REMEDY CO., Duluth, Minn., for their system of treatment. All letters answered. Illustrated booklet containing cures mailed free.

## ECZEMA IS A LIVING FIRE

to the blood, and the blood free the skin with the fuel of its impurities; remove the impurity and the trouble passes away. MEDERINE is a specific blood prescription that cleanses, filters and purifies the blood of every possible taint, and quickly and permanently cures Eczema. Thousands of well-known citizens in every section of the country have been cured by the MEDERINE treatment after all other remedies had failed.

Price \$1 per Bottle. Six Bottles for \$5.

Sent express prepaid if your druggist does not carry MEDERINE in stock.

NEWS comes from England that the report of the coming release from prison of Mrs. Maybrick is a canard, and that the authorities have no idea of granting her a pardon.

PRESIDENT ROOSEVELT has signed the bill prohibiting the sale of liquor of any kind in the national capitol at Washington. Cold tea will be the real thing there hereafter.

THE St. Paul auditorium which cost \$20,000 to erect has been sold for \$1,700, the purchaser to remove the structure. The lumber in the building originally cost \$15,000.

OF the \$25,000 which Minnesota has already contributed to the famine sufferers, \$10,000 has been sent to Sweden, a like amount to Finland and \$5,000 to Norway. It is expected that this state will contribute \$100,000.

CONGRESSMAN BECKMAN who has been working during the winter with the general land office at Washington for the adjustment of the status of large tracts of railroad lands in Crow Wing, Morrison and Todd counties, has been successful, as it has been decided that the Northern Pacific company must file its final list of selections. Patents will therefore be issued and the railroad company can then deed to settlers who occupy the lands, but who are not paying taxes.

Wheat—Cables started out and closed fractionally lower than yesterday. Primary receipts less than a year ago. Premium on cash wheat in Minneapolis still firm. Clearances 375,000 bushels from the four principal ports alone and there was nothing in the news to warrant or account for such a decline in our market. Shortly after the opening heavy selling movement started in Chicago and was followed in the Minneapolis market, which resulted in a severe break demoralizing all of the markets.

Corn—The weather throughout the corn belt checks receipts and hinders the movement and prevents grading. The news on corn was bullish but owing to the severe break in wheat, corn sympathized closing about 1/2 lower.

## FIVE MEN IN A FIGHT.

One Killed and Three Wounded in Row Started Over a Cat.

Guntersville, Ala., March 5.—Tom Barkley was killed and three others were wounded in a fight which occurred at Grant, a hamlet seven miles from here, between Tom and Joe Barkley and the three Taylor brothers. The fight was caused by the Taylors gauding the Barkley boys about a cat they were carrying with them while moving their effects.

## DOUBLE HANGING.

Jefferson City, Mo., March 5.—The supreme court on banc during the day sentenced Henry and Sampson, alias Bud Gray, negroes, to hang in St. Louis, April 8, 1903.

## SLEEPING CAR TAX BILL.

REPRESENTATIVE NELSON INTRODUCES SWEEPING ONE IN THE HOUSE.

SENATOR LORD'S CONSTITUTIONAL AMENDMENT PROPOSITION POSTPONED.

St. Paul, March 5.—Representative Nelson's sleeping car tax bill, introduced in the house, provides that any company owning any dining, buffet, chair, palace or sleeping cars shall be considered sleeping car companies, for the purpose of taxation.

Every such company is required to make an annual report to the state auditor of various details of its business. If any such company fail to make the report provided for, the state auditor shall add to the tax a penalty of 10 per cent.

Sleeping car property owned by railroad companies is exempt from this bill's provisions. Another bill by Mr. Nelson imposes a tax on "freight line companies," which are defined to be companies whose business it is to furnish or lease freight cars to railroads.

The bill contains provisions, as to enforcing the tax, similar to the Nelson sleeping car bill.

Senator Thompson introduced identical bills in the senate. Representative Helliwell moved a reconsideration of the soldiers' home pension bill at the request of the author, W. I. Nolan. Mr. Nolan wanted the bill called up again so that the Grand Army state convention might have a chance to give its opinion on the subject.

Mr. Stevenson believed the same purpose could be served by laying the motion to reconsider on the table. This was done.

## Opposition to Morley Bill.

Morley's bill to exclude the state educational institutions from the management of the board of control, was debated again in the afternoon as a special order. Much opposition to the bill was evident.

One dollar gas in St. Paul is the ultimate object sought by a bill introduced in the house by Representative Renville Chinook of St. Paul.

Fifty thousand dollars is appropriated by a bill introduced by the house judiciary committee, to complete the codification of the laws.

Representative J. B. Kelly sent up a bill authorizing any county board of commissioners to offer a reward for the killing of crows. The amount of reward is left blank in the bill.

A bill by Mr. Burns provides that every county shall pay to the state \$78 a year for each patient from that county in the school of the feeble-minded.

Chinook's medical bill allows the state board of medical examiners to grant licenses without any examination, to physicians already licensed in some other state who desire to remove to Minnesota. But such privilege shall be granted only to physicians coming from states that are equally rigid in their examinations.

A sheriff's expense bill introduced by Mr. Rider, by request, allows the sheriff to collect from the county the cost of meals or other necessary expenses in taking a prisoner to jail or transporting him by rail.

The divorce for insanity bill was killed in the house.

## INDEFINITELY POSTPONED.

Senate Disposes of Lord's Constitutional Amendment.

Senator Dunn, Ramsey county, ably assisted by Senators Schaller, Putnam and Stephens, sent Senator Lord's constitutional amendment proposition to the cemetery. Lord's bill proposed an amendment to the constitution to carry a constitutional amendment by a majority of the votes cast on the amendment. After a long discussion the bill was recommended for indefinite postponement.

By an almost unanimous vote the Gjertsen anti-bucket shop bill was disposed of by linking it with the Torsen bill to be discussed whenever the Torsen bill came up, which will not be before Friday.

The roads and bridges committee of the senate introduced a bill creating a state highway commission. The commission is to consist of three members appointed by the governor, and it shall have general supervision of all state road work. One of its duties shall be to hold at least thirty public meetings a year in the state, to inform the people in methods of road building.

## Rocky Road for Trust Bill.

Senator Thorp's "trust busting" bill is encountering anything but smooth sailing in the senate judiciary committee, and if the bill is not marked for the indefinite postponement it will, in all probability, return to the senate so thoroughly amended that its author will have difficulty in recognizing it.

Senator Brower is the author (by request) of the latest bill to establish a "State Live Stock Sanitation Board" to consist of five members, to be appointed by the governor, three of whom shall be experienced live stock men and two experienced veterinary surgeons. In the main the duties of the board are to prevent the spread of contagious diseases among animals. A bill by Senator Swedback establishes municipal courts in every town or city of less than 5,000 and more than 1,000 population.

A bill by Senator Jepson proposes amendments to the constitution enlarging the powers of the legislature in the matter of taxation. The bill is an embodiment of the tax reform features advocated by the recent tax commission.

A bill by Senator Sundberg provides for a county option proposition to be voted on in any county upon the petition of residents to the county auditor desiring that the question of liquor licenses be submitted to the people.

To The People of Brainerd

LADIES AND GENTLEMEN:-  
The spring season will soon open up and house cleaning will be in order. To do so properly you will have to make some changes. New paint and paper will have to be put on. Economy in this line, is generally the rule. To assist you in securing your wall paper at a very low cost, I have secured sample books, of the G. W. Turner Co., of Minneapolis, and Wm. Stevenson Co., Chicago Ill. These lines are the best that the market affords, comprising white blanks, plain and embossed bronzes, plain and embossed flats, silks, cretonnes, self tone effect, tapestries, varnished tiles, stripes in plain floral and damask effects, ingrain plain figured and crepe, with borders and ceilings to match. Included in these samples are some patterns made by the F. E. James Wall Paper Manufacturers, which they guarantee, NOT TO FADE. Every roll stamped with their guarantee. These lines must be seen to be appreciated. You who are going to do papering, call and look over these samples before purchasing elsewhere.

OLE G. OLSON WILL  
STILL LIVE ON

Judge McClenahan Makes an Order Granting a Stay of Execution for Forty Days.

A CLOSE CALL FOR MURDERER

The Plea of Insanity is Made and There Will Be a Motion for a New Trial.

Ole G. Olson, who so brutally murdered his daughter Josephena, the last of last October, will not be executed tomorrow morning, but will have forty more days to live, and perhaps may be liberated entirely.

Yesterday afternoon Judge McClenahan received a telephone message from Attorney Hall, of Aitkin, who appeared for the condemned man at the trial, stating that he would appear before the court today and make application for a stay of execution, so that the defense would be able to submit evidence which had recently been found, which would be the basis of a motion for a new trial. When the telephone message was received it was not known what the nature of this new evidence was.

This morning Attorney Hall appeared before Judge McClenahan in chambers and made the application for the stay, and in doing so, read some five or six affidavits from prominent residents of Aitkin county in which it was set forth that the condemned man was insane.

The documents were rather strong, and seemed to set forth the fact rather plainly that the man was insane before and at the time that the awful murder was committed.

The judge could not help taking cognizance of the affidavits, but for a long time the matter of jurisdiction was the one that troubled the court, but Mr. Hall stated that he had communicated with the attorney general and governor and was told that it was up to the trial judge.

In view of these facts Judge McClenahan granted the stay of execution for forty days, the following being the order:

WHEREAS, The above named Ole G. Olson was, at the general October, 1902, term of said court duly indicted, tried and convicted by a jury of the crime of murder in the first degree, and, as punishment therefor, was thereafter, and on the 30th day of October, 1902, duly sentenced by this court to be hanged by the sheriff of said county after the lapse of three calendar months from said 30th day of October, 1902, and at a time to be fixed by the governor of said state of Minnesota, and designated by his warrant, and

WHEREAS, The Honorable Samuel R. Van Sant, the governor of said state, thereafter and at a proper time did fix the 6th day of March, 1903, as the day and time when the sheriff of said county should execute the said sentence of this court, and did then and there designate by his warrant said 6th day of March, 1903, as the day and time upon which such sentence shall be executed, as aforesaid, and said warrant was thereupon and in due course and form delivered to said sheriff, who is now under obligation to execute the commands thereof and of said sentence; and

WHEREAS, an application has been duly made to this court, supported by affidavits, for an order staying the execution of the sentence aforesaid for such time as will enable said Ole G. Olson to prepare and move for a new trial in this cause upon grounds designated in said application and affidavits, and also suggesting the present insanity of said Ole G. Olson, and

WHEREAS, After due hearing upon the application aforesaid and duly considering the same, the court is satisfied with the good faith and merit thereof.

THEREFORE, It is ordered, that all proceedings herein, had, taken, or about to be had or taken, for the purpose of carrying said sentence of death into execution on said 6th day of March, 1903, be and they hereby are stayed for the period of forty (40) days from and after the date of this order; and you, Christ G. Haugen, sheriff of said County, and any and all officers and persons whomsoever, charged with the execution of said sentence, are hereby directed and commanded to observe and obey the terms and conditions of this order.

Let a copy hereof be served upon the said Christ G. Haugen, sheriff of said county, forthwith.

ST. PATRICKS DAY.

Program is Given Out for the Biggest Events Musically and Otherwise of the Season.

The program for the St. Patrick's day entertainment to be given on the evening of March 16, at the Brainerd opera house has been announced by Rev. D. W. Lynch. It is an entertainment of rare worth. Hon Thos. D. O'Brien, of St. Paul, has been secured to give the address of the evening. He is an orator of reputation, and many in this city have heard him at one time or another. Besides this very excellent feature of the program, the best musical people in the city have been secured to take part. Prof. Graham's orchestra will furnish the music for the occasion, which is another feature of the entertainment that will be enjoyed.

Tickets have been selling very rapidly for the event and the seats will be reserved at H. P. Dunn & Co's, on Friday, March 13, at 3 o'clock p. m. Tickets in the parquet are \$1; dress circle and balcony 75 cents; gallery, 35 cents. The entertainment will commence at 8:15 p. m. sharp.

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by H. P. Dunn & Co., druggist. Price 50c and \$1.00. Trial bottles free.

LOGGERS ARE BEHIND.

Some Tall Husting will Have to be Done to Bring Amount of Logs Put in up to that of Last Year.

Now comes the busiest days for the northern white pine loggers. Within the next month or six weeks the winter operations for 1902 and 1903 will have been practically completed, says the Duluth Herald. The operators who are behind in their work must bend every energy to catch up with their contracts during this month or, they will not be able to do so this season.

All over the white pine districts of Minnesota and Wisconsin thousands and thousands of logs have been cut in the woods and while a large proportion of them have been banked along the shores of the driving streams and of the small lakes, or have been started on their long railway haul to the mills, there are still millions of feet of timber to be skidded out of the woods before the spring break-up occurs.

In view of the present conditions the contractors are making strenuous efforts to get and keep many men at their camps and the demand for labor in the woods is something enormous with wages at the very top notch. The class of woodsmen who go into the woods to make and save money may blame themselves this spring if they do not have a good bank account.

WHEREABOUTS OF  
JOHN McCLINTOCK

Is a Mystery to the Police Department--Left Brainerd Right After Pay Day.

WIFE LEFT WITH CHILDREN.

Officer Hurley Saw Man Board Train For Aitkin on the Twenty-first.

The disappearance of John McClintock, who worked for the Northern Pacific for some time up to February 20, has created quite a stir in Southeast Brainerd where he lived and where his wife and seven small children, left behind, are well known.

The Mc McClintock family live at 1320, Norwood street. As usual after receiving his pay on the twentieth he went down town to settle a few bills he owed. He returned home and asked his wife for the size of the shoes wanted for the children and that was the last seen of him by any members of the family.

Officer Hurley is said to have seen the man board the train en route for Duluth. Efforts have been made to locate him on the line going east, but not a word has been heard of him since. It is understood that the man was drinking quite heavily when last seen and he had considerable money.

MUSIC AND DRAMA.

"FAUST."

Two literary shrines are visited yearly by thousands of American globe trotters. No similar place in the world, except the little English village of Stratford-on-Avon, attracts such a number of curious, reverent and devoted worshippers as the old building in the Hirschgraben at Frankfurt, Germany, under whose roof was born Johann Wolfgang Von Goethe, who has enriched the stage with one of the rarest products of genius, "Faust." Like Shakespeare's "Hamlet" Goethe's play "Faust", has fallen into many sacrilegious hands to be mutilated beyond recognition but in one instance, at least, it has been adapted for stage use reverently with due regard for the author, and Lewis Morrison deserves all praise for his consistent fight to present Goethe's immortal poem properly as he has done for the past twenty years. The scenery, electrical and mechanical effects and choral music are all new and will be seen at the Brainerd theatre tonight.

"KERRY GOW."

Instead of getting less effective as he grows older Joseph Murphy seems to be growing stronger as an actor with each successive year. There is a richer color to his matchless brogue and his musical voice seems to be clearer and stronger as he sings, "A Handful of Earth." The stage never "waits" for Joseph Murphy, and he has yet to make the first step of casting a shadow of discredit upon it. "Kerry Gow" will be the attraction at the Brainerd theatre next Saturday night. Seats will be on sale tomorrow at Dunn's.

GORDON-SHAY COMPANY.

The Gordon-Shay Grand Opera Co. will present "Il Trovatore", in English at the Brainerd theatre next Monday. The company is composed of great artists and is headed by Rose Cecelia Shay, prima donna. They carry beautiful scenery and costumes and also their own large special orchestra.

MEET WITH DEFEAT.

Sultan's Forces Surprised and Fought in Morocco.

London, March 5.—The correspondent of the Times at Tangier telegraphs that despite the official report of a victory by the government troops, they have undoubtedly met with a bad defeat. The division forming the vanguard of the main army commanded by El Menebhi, the Moroccan war minister, and consisting of 1,600 men, was surprised and rushed by the rebels on Feb. 27, who captured the camp. The Sherifian troops fled in disorder, abandoning everything. All available reinforcements have left Fez.

Madrid, March 5.—The Liberal publishes a dispatch from Tangier, Morocco, which announces that the pretender has defeated the imperial troops commanded by Mohammed Sherah and forced them to retreat after hard fighting.

Tangier, March 5.—Notwithstanding the contradictory rumors circulated here, the governor of Tangier has received a letter from Fez, announcing that the column of the sultan's troops commanded by Minister of War El Menebhi has completely routed the Senaji tribe, the most fanatical of the pretender's adherents.

CAUSED BY OPEN SWITCH.

Nine Persons Injured in a Wreck on a Southern Road.

Jacksonville, Fla., March 5.—The northbound Seaboard Air Line limited, leaving Jacksonville at 1:10 p. m., was wrecked at Evergreen, two miles south of the Georgia line, fatally injuring Engineer Pierce and his colored fireman and seriously injuring six other members of the crew, one of whom will probably die, and injuring one Pullman passenger. The wreck was caused by an open switch.

The Mountain View Route.

This is what the Northern Pacific—Shasta, or Shasta—Northern Pacific Route—it reads as well backward as forward—may well be called.

The route takes its name from Mt. Shasta in northern California. This white, snow capped peak, at the foot of which the Shasta route winds, is 14,350 feet high. The mountain is in plain view for several hours from the train and its distance from the track varies from twelve to seventy-five miles.

The beautiful scenery of the Sacramento river at the base of Shasta, is connected with this route only. Castle Crags, Mossbrae Falls and the natural twin soda fountains at Shasta Springs are scenic gems.

The crossing of the Siskiyou range furnishes the par excellence of railway mountain scenery and observation cars are furnished there free of charge. Then in succession comes Mts. Jefferson, Hood—a beautiful mountain—St. Helens, Rainier—14,532 feet high—and Adams, all former active volcanoes and now covered with glaciers.

From Portland a steamboat ride trip up the noble Columbia river to the Cascades and Dalles enables the tourist to see a river, palisades, waterfalls and mountains far surpassing anything the Hudson can show.

An opportunity is also given to visit Tacoma, Seattle, Victoria, Vancouver and the Puget Sound region. Then follow the cascade range and the Rockies, and best of all, a stop can be made at Yellowstone Park.

This line traverses the finest scenic region of the United States—don't forget it, and see that your return tickets home from California read around this way.

The train service between Portland and the Puget Sound country, and Duluth, Minneapolis and St. Paul via Spokane, Butte and Helena, is unsurpassed, including through trains daily, one of which is the noted "North Coast Limited."

**DR. AMES MUST APPEAR**

ORDERED INTO COURT TO SHOW WHY HE SHOULD NOT BE TAKEN TO MINNEAPOLIS.

STATEMENT OF PHYSICIAN

Dr. Conn of Concord Makes Public

His Diagnosis of the Former Mayor's Physical Condition—Says It Would Not Be Wise to Take the Sick Man Back at Present—Official Believe Him Well Enough to Travel.

Nashua, N. H., March 5.—An order of the supreme court in the habeas corpus proceedings brought by counsel for Dr. A. A. Ames, former mayor of Minneapolis, who is wanted in that city in connection with the bribery scandals, was served upon Dr. Ames at Hancock, where he is under arrest, by Sheriff Nathaniel Doane of Manchester.

The court orders that Dr. Ames shall appear in court on March 11 and show cause if any, why he should not be taken back to Minneapolis for trial.

Sheriff Doane, in company with Sheriff J. W. Dreger of Minneapolis, arrived there during the day and after securing the papers, proceeded to Hancock, where they were formally served.

It is the opinion of the officials that Dr. Ames' condition is now sufficiently improved to permit his going to Minneapolis, although his counsel, Charles J. Hamblett, is of a contrary opinion.

At the recent hearing before Governor Bachelder on the question of extradition of Dr. Ames a report as to Ames' physical condition was made by Dr. Granville P. Conn of Concord. The report was made public during the night for the first time. Dr. Conn says at the beginning:

Cancer in the Family.

"The history of Mr. Ames' family, as given by himself, is fairly conclusive that his grandfather and grandmother on his father's side, died of cancer in the region of the stomach. My conclusions are that Dr. Ames evidently is ill and the condition which I found led me to suspect that he is himself suffering from some malignant disease in the region of the stomach. This would account for his emaciation, although it does not point to immediate fatal results."

After describing the symptoms of the patient, Dr. Conn concludes:

"If this were the summer months rather than the winter, it might be considered fairly feasible to move him with proper care to Minneapolis. While it may now be done without really hastening his death, yet it would not be considered good judgment on the part of physicians to recommend a long journey, as it would be expected to make his trouble worse and perhaps he would not rally so as to be as well as before."

RICE WILL CASE.

Argued Before Appellate Division New York Supreme Court.

New York, March 5.—The Rice will case was argued before the appellate division of the supreme court during the day. It came before the court on appeal from the decision of Surrogate Fitzgerald last June, admitting to probate the will of William M. Rice, made Sept. 26, 1896, in which he left his entire residuary estate to the William M. Rice Institute of Houston, Tex., and denying probate to the alleged will of Mr. Rice, bearing date June 30, 1900, in which Lawyer Albert T. Patrick, who was convicted by Recorder Goff of murdering Mr. Rice, is made residuary legatee. This appeal brings up before the appellate court the civil side of the litigation growing out of Patrick's relations with William M. Rice. Decision was reserved.

MANAGERS IN A QUANDRY.

Railway Officials Know Not What to Do About Passes.

Chicago, March 5.—Western railway managers are in a quandry regarding what action to take with reference to annual passes which were issued and sent to shippers before the Elkins law. Many thousands of such passes are outstanding, and although they were issued before the new statute went into effect, the general opinion is that their use is now illegal, and will subject both the railroad and users to a fine for violations of the act.

TRAIN MANY HOURS LATE.

Passengers Reach El Paso After Disagreeable Experience.

El Paso, Tex., March 5.—Rock Island train No. 43, which left Chicago on Feb. 25, arrived here one hundred hours late. The passengers were all in good condition, but had a disagreeable experience in the drifts about Alamogordo, N. M. The dining car ran short of provisions and the water gave out entirely for about twelve hours. Other trains behind No. 43 are reported not so fortunate.

SIGNED BY GOVERNOR HUNT.

Franchise for Electric Railway to Connect San Juan and Ponce.

San Juan, P. R., March 5.—The council has passed and Governor Hunt has signed the franchise of the company which is to construct an electric road from San Juan to Ponce, and it has been forwarded to Washington for President Roosevelt's signature. The franchise includes permission to supply light and power to towns where the council had not previously granted such rights to others.

Steamer Runs Ashore.

City Island, N. Y., March 5.—The British steamer Beckenham, from Calcutta via Boston for New York, ran ashore on Eaton's Neck, Long Island, during a thick fog. It got off without assistance.

NO ARREST YET MADE.

But a Woman in Burdick Case May Be Apprehended at Any Hour.

Buffalo, N. Y., March 5.—Dr. John D. Howland, the deputy medical examiner, called at the district attorney's office in the afternoon and turned over to Mr. Coatsworth the medical examiner's report in the Burdick case. The report was accompanied by a diagram sketch showing the fractures on top of the skull.

Superintendent Bull again stated in the evening that an arrest of a woman suspect may be made at any hour. He declared that nothing had been developed by the searching sufficient to shake his belief that the crime was committed by a woman.

Two Houses Searched.

It was admitted by Chief Cusack that two houses in the Elmwood section were searched by the police last Sunday. They were the homes of Arthur R. Pennell and of Mrs. Seth T. Payne. Pennell was named as co-respondent in the divorce proceedings instituted by Mr. Burdick against his wife, Alice Burdick. Mrs. Payne's picture was found in Burdick's den on the day after the murder.

An invalid telephoned the district attorney's office that she saw a hack standing on Ashland avenue not far from the Burdick home just before 1 o'clock Saturday morning.

The woman seen by Patrolman Myers on the night of the murder was walking toward the corner where the carriage is said to have been standing.

ACCUSES DEAD WIFE.

Knapp Says She Murdered Her Baby in Cincinnati.

Hamilton, O., March 5.—Knapp at night accused his last dead wife of murder.

"The woman I killed," he said, "was no better than I am. She committed murder and I know it, because she told me herself. May be I ought not to say that against Hannah, but it is the truth, nevertheless. I don't mean the Eckhart case, although she helped me kill Mary Eckhart. But in Cincinnati, in May, 1894, she smothered her own baby to death and said it was an accident. The baby was only a few months old and she had to get rid of it. One night she ran up to the city hospital in Cincinnati carrying the baby in her arms. It was still breathing, but almost dead and it died in a short time. She told the hospital people that she had found its head buried under the covers of the bed when she woke up and did not know how it occurred. Her word was never questioned and she was never suspected of the murder. Hannah told me all about it herself."

ACTUATED BY JEALOUSY.

Massachusetts Man Kills His Wife and Then Suicide.

Leominster, Mass., March 5.—After accusing his wife, Cordelia, of receiving the attentions of another man, Medard Fiset shot and killed her and then ended his own existence with a bullet from the same weapon. The only witness of the tragedy, Joseph Gariepy, says that Fiset was actuated by jealousy in committing the deed. The couple had two sons.

ANOTHER ARREST.

Man Accused of Inciting Mrs. Taylor to Kill Her Husband.

Monticello, N. Y., March 5.—Peter Yerkins, the uncle of Mrs. Kate Taylor, now awaiting trial here for the murder of her husband, was arraigned during the day for a preliminary hearing, charged with complicity in the murder in having instigated the woman to commit the crime.

STRIKE BECOMES SERIOUS.

Water Front at Vancouver Practically Tied Up.

Vancouver, B. C., March 5.—The strike of the United Brotherhood of Railway Employees against the Canadian Pacific railway is apparently assuming more serious proportions than the company anticipated. Developments came rapidly during the day and a settlement seems no nearer now than when the strike was inaugurated. The Vancouver water front is now practically tied up.

CHINESE FESTIVALS.

Six Curious Feast Days That Usher In the New Year.

The first day of the Chinese New Year's feasts is called Bird's day (Kai-Yat) and is supposed to bring to mind the utility of the feathered tribes as food. On this day all orthodox Chinese abstain from eating flesh, and they sometimes observe it as a day of fasting. The second day is Dog's day (Ku-Yat). This day is especially held sacred to the canine hosts of the Flowery Kingdom. The Chinese, notwithstanding the fact that they eat the flesh of the dog and esteem it a great delicacy, honor their dogs more highly and take better care of them than any other race of people. In every large Chinese city there is a workman whose sole trade is that of making coffins for departed canines.

Notable Paintings.

Probably the smallest painting ever made was the work of the wife of a Finnish artist. It depicted a mill with the sails bent, the miller mounting the stairs with a sack of grain on his back. Upon the terrace where the mill stood was a cart and horse, and on the road leading to it several peasants were shown. The picture was beautifully finished, and every object was very distinct, yet it was so amazingly small that its surface, so the story goes, could be covered with a grain of corn.

Michael Angelo's fresco in the Sistine chapel of the Vatican completely covers the vaulted roof, which measures 133 feet in length and 43 feet in width. This painting delineates the creation of man, his fall and the early history of the world, with a reference to man's final redemption and salvation.
